

Beyondz

**BEYOND Z
CONSULTING LLP**

Training ■ Consulting ■ Coaching

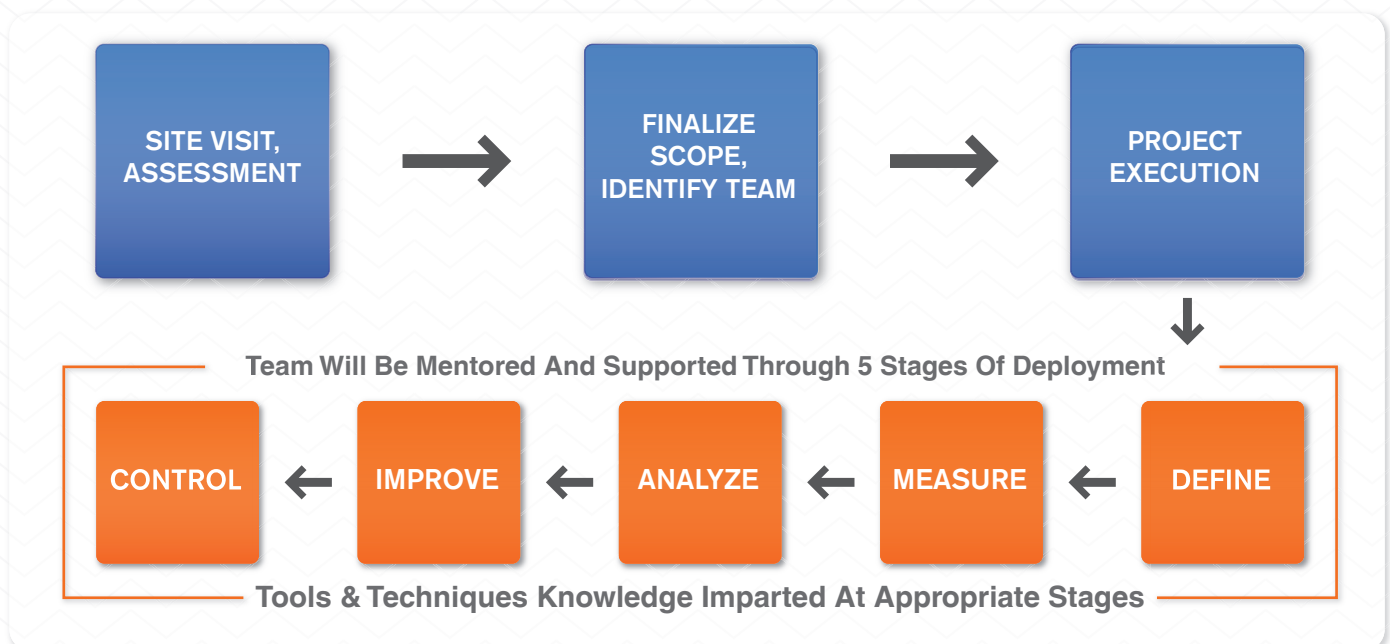

- Are you improving your productivity & profitability every year?
- Are you enhancing your organizational capability?
- Are you retaining your customers?

If your answer to any of these questions is that you could do better, then we can help by:

- Defining strategically important goals and metrics.
- Supporting capability building of personnel.
- Handholding and mentoring to result in change.

We believe that effective solutions are driven by 'simplicity of thought and accuracy of action'.

Engagement Model

How We Support:

Our services are based on needs and customized to suit client requirements:

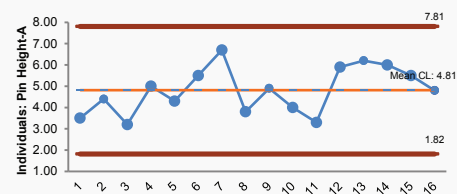

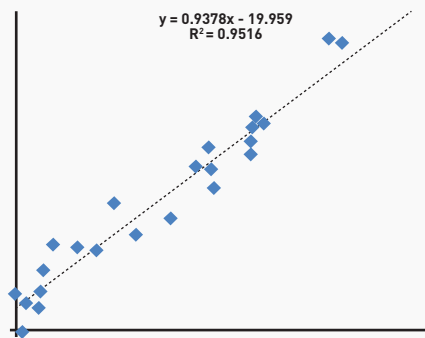

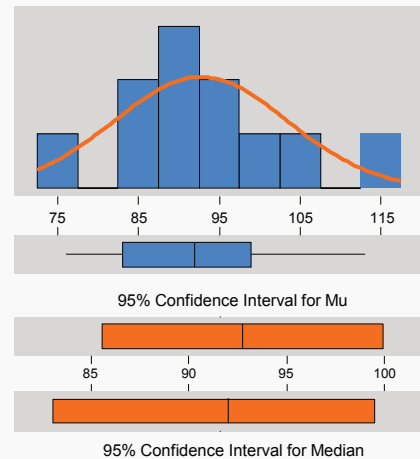

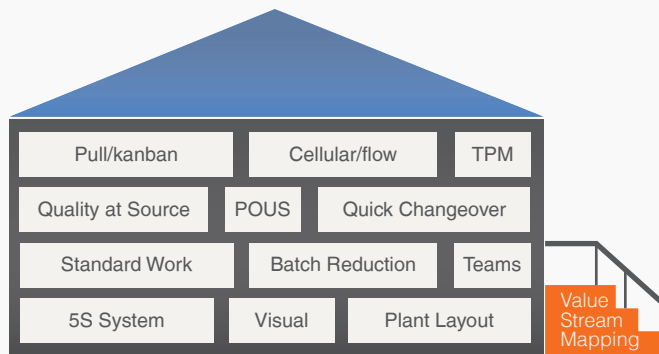

Capability Building & Supporting Organization Transformation:
By applying our engagement model.

Training On Lean Six Sigma: By organizing Blue Belt, Green Belt or Black Belt workshops.

Coaching for 'Excellence in Execution': We coach business leaders and senior executives towards excellence in achieving sustained business results.

We plug leaks in Revenue and Cash Flow

*We apply World Class Tools & Techniques that are appropriate to possible situations.

Our Values ► Fun, Innovation, Accountability and Excellence

About Us

Beyond Z is a management consulting firm specialized in **business execution excellence** and focused on improving productivity and profitability for companies. If everything from A to Z is done to improve processes, solve problems and enhance profits, then we'll take you through the stages of Beyond Z which is where desirable breakthroughs occur.

Why Us

Our mentoring approach helps our clients to internalize and imbibe improvement philosophies, to minimize dependency on consultants.

Our vision is to be leaders in taking clients beyond current levels of effectiveness and efficiency.
